● 100,000 IMMIGRANTS ALLOWED TO SETTLE LAST YEAR

● 500,000 MORE ASIANS ARE ON THEIR WAY

GOVERNMENT PUTS NO LIMIT ON BLACK INVASION

NATIONAL FRONT

MORE THAN 82,000 "LEGAL" COLOURED IMMIGRANTS WERE ALLOWED TO FLOOD INTO BRITAIN DURING 1975.

—OFFICIAL

This shock fact emerged shyly from an official Government report on Immigration published in June.

Most National newspapers compiled their reviews of the Government report in a deliberately complicated way so as to mislead the public concerning the true extent of the Black Immigration deluge.

The 'popular' press gave many people the impression that only 7-8,000 extra Immigrants were allowed to settle permanently in Britain in comparison to 1974.

Only one newspaper, *The Times* (which at 12p a copy is not found in many ordinary homes) revealed the full horror of the Black Invasion. It reported:

1. The number of Commonwealth citizens admitted to Britain for settlement on arrival in 1975 totalled 30,975 — a rise of nearly 8,000 on 1974.

2. A further 19,974 Commonwealth citizens who were originally only admitted as short-stay "visitors" were allowed to stay on as permanent settlers in 1975. This was an increase of 1,015 over 1974.

3. A total of 9,474 non-Commonwealth aliens were accepted for settlement on arrival in 1975.

4. A further 22,000 non-Commonwealth aliens who were originally only admitted as short-stay "visitors" were allowed to stay on as permanent settlers in 1975.

So we see that during 1975 more than 82,000 so-called "legal" black Immigrants were permanently added to the population of our island.

As these figures are Government-issued, they cannot be regarded as completely accurate. Enoch Powell has often proved that whenever the Government issues Immigration figures it and distorts the facts so as to "avoid causing public alarm".

Today we have a Labour Government telling us lies — but the Tories are no better. In the past they have told just the same kind of lies to us . . . and for the same reasons. The Liberals are, in a sick way, more honest. They want to let in all Blacks who want to come. This is Communist policy also.

Given that the Government always underestimates the number of black Immigrants coming in to Britain, and bearing in mind that illegal Immigrant smuggling is still a big-time racket despite Governmental relaxation of so-called 'controls', the public can accept as reasonably accurate the following frightening fact:—

NOT LESS THAN 100,000 COLOURED IMMIGRANTS OF ALL SORTS — "LEGAL" AND "ILLEGAL" — WERE ADDED TO THE POPULATION OF OUR ISLAND HOME LAST YEAR.

This was perpetrated despite the economic crisis, record unemployment, the housing shortage and a steady upsurge of racial tension and conflict.

And don't forget the Coloured population is swelled not just by Immigration, but by breeding. The 1971 Population Census showed that while every 1,000 British women aged between 16 and 45 have 82 babies a year, every 1,000 West Indian women have 108 babies a year and every 1,000 Asian women have 200 BABIES A YEAR!

Government Immigration policies are NOT the product of "woolly-minded humanitarianism". They are the product of a criminal, subversive anti British conspiracy to wreck Britain.

If you think that explanation is too fantastic to credit then consider what the founder of the Communist conspiracy, Karl Marx, had to say:

"The British working class is too tradition-minded to make revolution. The revolution in Britain will have to be IMPORTED."

Just a part

far away as Birmingham had to be secured!

Goans from Malawi and refugees from Ethiopia(!) are among the bizarre mass of non-Commonwealth aliens being admitted. Immigration Officers have even been ordered to allow in immigrants with FORGED documents . . . 80,000 so-called 'students' have been admitted with phoney certificates.

Illegal immigrants stowing away in car boots on cross-Channel ferries is now a thing of the past thanks to Roy Jenkins!

Clearly, the mass invasion of our country by millions of coloured aliens is part of a deliberate policy to destroy the British nation and break the spirit of the British people.

(P.S. Roy Jenkins is an "ex-member" of the Communist Party.)

FROM THIS —

"Let them all in" - Jenkins

AS part of the Government plan to deceive the public over Immigration, Race Relations Industry spokesmen stage protests over "severe immigration controls".

These 'controls' have been exposed as nothing more than a propaganda farce. They just do not exist.

The *Daily Express* of 19th June revealed that London Airport Immigration Officers have sent to Enoch Powell confidential Home Office directives instigated by Roy Jenkins. The Officers say that "Coloured people are now arriving in such numbers that defences against ille-

gal entry are saturated".

So many Asians from Malawi arrived at London Airport one weekend last May that the airport centre where suspected illegal immigrants are detained were filled to capacity — as were overflow facilities at Harmondsworth. Lodgings as

Establishment gets scared

RECENT election results have confirmed the immense potential that the National Front has to become a powerful political force in Britain. As the national situation worsens, disillusionment with the old political parties — gathers momentum. Now living standards are seen to be in decline, and it is coming home to the British people in a decisive way that our record during the post-war era has been one of constant and increasing failure.

This disillusionment is accentuated by the alarm and despair felt by the people over the huge immigrant problem, a problem created by the old parties behind the people's back and concealed from the people for a long time through lies, evasions and orchestrated cover-ups.

As the National Front comes forward to offer the British people a real alternative for the future, the old Establishment of parties and mass media becomes ever more frightened. Instead of trying to answer the NF case — which of course it cannot do — it resorts to more and more lies and smears. Waves of 'shock' propaganda have been directed against the NF and its leaders without any accompaniment of a serious analysis of NF policy.

Members of the public who want to find out the real truth about the National Front should not rely on these newspaper reports for their information; they should write to us themselves and let us tell them what we really stand for. They should not forget that the failed establishment is fighting for its life; it is not going to comment objectively on the movement that threatens to rise and replace it.

Spearhead is an independent 20-page monthly magazine which supports the National Front. The views expressed in it are basically the same as those in *National Front News*. The only difference is that it concentrates more on deep and serious articles and less on short, punchy news items, as is the case in our paper. It is nevertheless attractively produced and easy to read. It is highly recommended to all National Front followers.

Relf defeats Race Board

Victory! First nail in the Race Board's coffin

THE TRAITORS of the Race Relations Board have received their first crushing defeat at the hands of one man — Robert Relf.

By his courageous refusal to obey an order of the Race Relations Board demanding that he remove his "For Sale to an English Family" sign, which resulted in his imprisonment, and then by going on hunger strike almost to the point of death, Robert Relf struck a really historic blow for British freedom and forced the Government to release him.

Robert Relf has led the way in showing the British people that the race traitors can be challenged and well and truly beaten. By his preparedness even to sacrifice his life, he proved that our countrymen will not tolerate enforced "multi-racialism, will fight back — and can win.

Never did the Race Relations Board look so idiotic and bewildered as they frantically searched for a means to get themselves off the hook — to release Robert Relf in case his death should expose them, the "harmony" mongers, as the tyrants they really are.

What Robert Relf did, by his sheer physical courage, was not only to beat the race traitors but to reveal the forced "integration" programme in its true colours — as cruel and dictatorial. The British people realised that the race-mixers were even prepared to sacrifice a human

life for their insane dreams of a multi-coloured, "integrated" Britain.

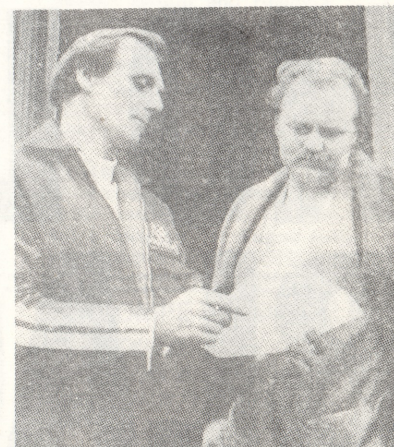

Robert Relf's great example will prove all the more vital to the British people, as the Government is now creating even more repressive legislation to outlaw written and spoken criticism of immigration, as well as a new "Commission for Racial Equality" to enforce it.

WORKERS BACK RELF

British workers throughout the Midlands demonstrated their support for Robert Relf, in some cases defying their left-wing unions.

About 200 workers at GKN-Sankey, Wolverhampton, collected a petition and announced a plan for a one-day strike in support of Relf. Their Union, however, the AUEW, refused to support the strike and told workers they would face the sack.

More than half of the 700 strong workforce at Guy Motors in Wolverhampton also collected a petition (pictured below) and launched a campaign for Relf's release.

Workers fight race tyranny

RABID ASIAN BITES NURSE

IN MANCHESTER recently, a frenzied Bangladesh immigrant who had rabies bit a young nurse on the arm while in hospital. Two doctors and four nurses had to be vaccinated.

The case highlighted the appalling laxness of so-called immigration "controls" because the immigrant, Mohammed Muslim, had actually gone back for a holiday to Bangladesh, contracted rabies there, and returned to Britain!

It seems quite fantastic that while we have rigid controls on the entry of animals into Britain in order to prevent the spread of rabies, a rabid immigrant from Bangladesh can simply walk back into Britain without any effort by the authorities to check the state of his health.

Said the Regional Health Authority: "There is no cause for alarm".

PROOF...that news on race crisis is twisted or suppressed by media

THOUGHTFUL British people have known for years that the daily papers, the radio and the TV — the so-called "Mass Media" — cannot be trusted as sources of truthful news on any political subject, especially mass Coloured Immigration.

So frightened is the Establishment that it has ordered its newspapers and its broadcasting services to increase the lies, suppressions and misrepresentations concerning the race problem, and to step up smear propaganda against the National Front.

Evidence of this was seen during the Parliamentary by-election at Thurrock, Essex, where the National Front nominated a candidate.

During the three week campaign smear articles attacking the NF appeared in *The Times*, *The Guardian*, the *Daily Mirror* and *The Sun*. The *Daily Mirror* in fact carried a special "I forbid you to try it!" Editorial and also a special centre page smear feature — all within the last seven days of the campaign!

A journalist from the *New Society* magazine revealed at a campaign press conference that BBC TV had made plans to send two TV film crews into the constituency to cover the election. But as a result of a "policy directive from above", all plans to cover the election were dropped.

The reason for this decision was that while newspapers and magazines are not bound under the Representation of the People Act to give fair and equal coverage to all candidates all broadcasting mediums (TV and radio) are bound by that law to do so.

The BBC bosses decided that the vital thing was to prevent the NF candidate from being given the opportunity to have his say — even if that meant preventing all the other candidates having their say! The BBC mindbenders knew that

the policies of the Establishment Labour, Conservative and Liberal Parties would get plenty of publicity outside the context of the election.

The only mention which the BBC made of the NF election campaign was in a review of the morning papers where it quoted from the smear article attacking the NF published by the *Daily Mirror*!

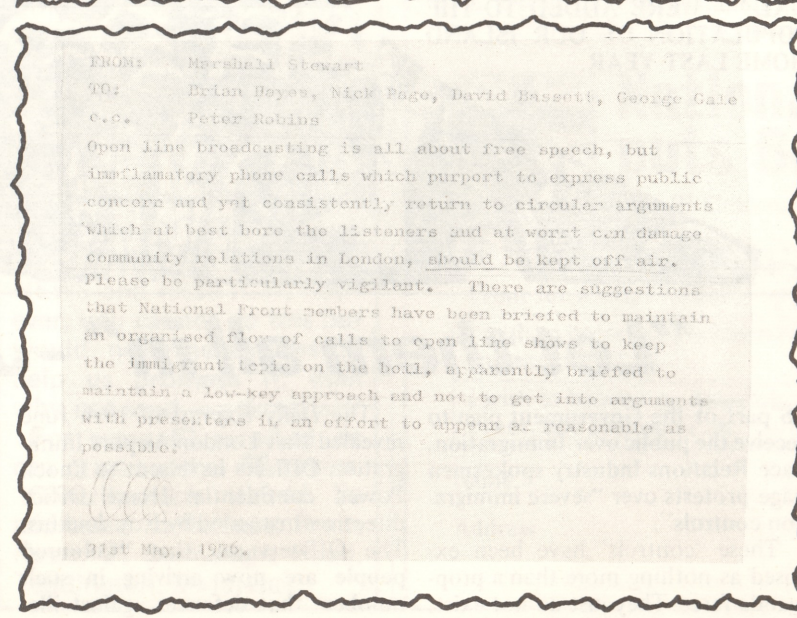

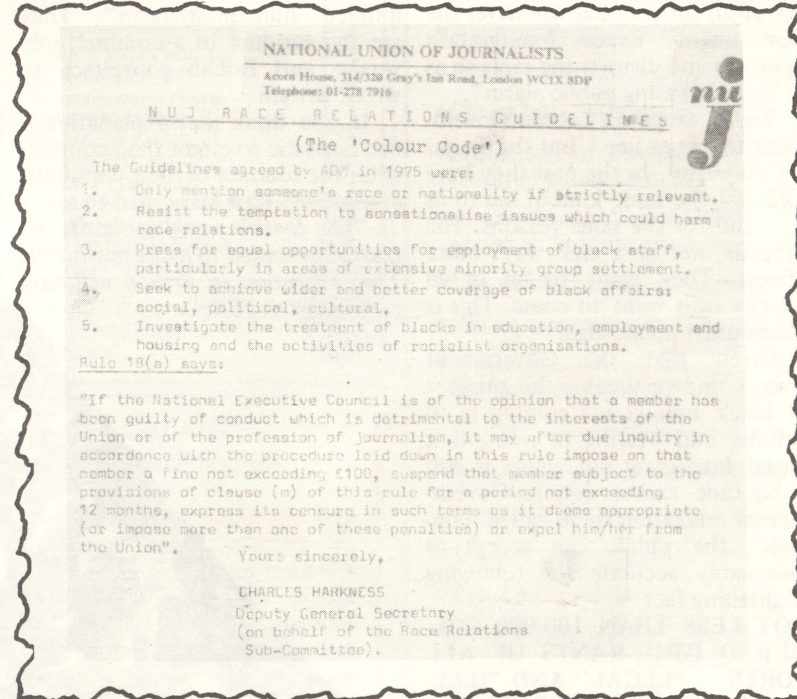

Manipulation of the media even extends to trying to prevent NF supporters having their say on 'Phone-in' programmes. We reprint here a photostat of a memo from the boss of the LBC radio station in London to broadcasters. The contents speak for themselves.

Backing up the media bosses in their corruption is the Red controlled National Union of Journalists.

The Reds of the NUJ are not satisfied even with the present bias of the media and want the press, radio and TV to be even more anti-British and pro-Immigrant.

The Deputy General Secretary of the NUJ, Mr Charles Harkness, sent out a special bulletin on 26th May, 1976, telling journalists that if they break the Marxist-inspired 'Colour Code' by writing up news unfavourable to Coloured Immigrants then they risk a £100 fine or even expulsion from the union!

Sections of the sinister NUJ document are reproduced on this page.

Half million more Asians on their way to Britain

AS a result of public anger against the Asian invasion of Britain, the Government and Press are conspiring together to give the impression that Coloured Immigration is "nearly at an end".

Don't be fooled. Unless the laws affecting Coloured Immigration are drastically altered, there is no end in sight to the alien invasion. All the indications are that more may be preparing to join the immigration queue and claim their 'rights' than have so far arrived!

Much publicity was given to the so-called Hawley Report — the confidential document leaked to Enoch Powell last May which revealed that there was an immediate prospect of hundreds of thousands of more Asian invaders.

Hawley revealed that 40,000 Asians from East Africa were still waiting to come in. There was a 'pool' of at least 70,000 intending immigrants in India, and a staggering 240,000 future immigrants waiting in Bangladesh.

Even these figures must be considered under-estimates not merely because they are Government figures (and Government figures on immigration are always crooked, as has been proved by Enoch Powell) but because every Immigrant who settles in Britain is entitled to bring in "dependant relatives".

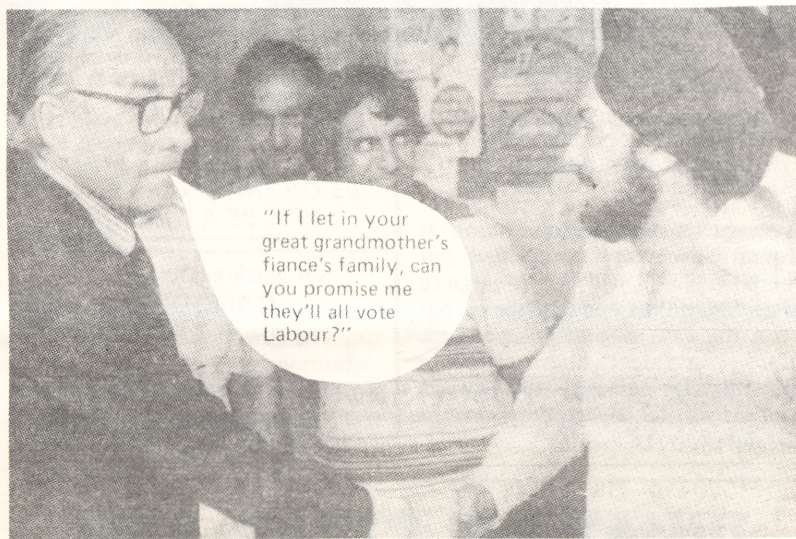

"Dependant relatives" includes uncles, aunts, cousins, grandmothers

and grandfathers . . . even fiancées! Once fiancées are let into Britain, they don't have to marry the person they said they were going to marry. Whatever they do, once they're in they can stay . . . and then set about bringing in all their relatives!

Under this system, there is no limit to the number of Asians from the Indian sub-continent who can pour into our country!

And we are not just getting Asian immigrants. Don't forget about all the thousands of sponging, fast-breeding Nigerians, Ghanaians, West Indians, Southern Irish, Cypriots, Turks, Greeks, Spaniards, Portuguese and Chinese who are coming in as well.

This alien invasion is part of a DELIBERATE POLICY by traitors in high places to wreck Britain. This is what the Government and the Press and TV are terrified you will find out.

'MEEK AND PEACEFUL' ASIANS TERRORISE WHITE FAMILIES

Asians seize whites from their cars

MULTI-RACIALISTS are forever trying to tell the British people how meek and mild the Asian immigrants are. Asians, they say, are a thoroughly 'peaceful' people who wish only to co-exist in brotherly love with their white neighbours, and who never get involved in violence.

Well, Southall has put paid to that idea. Asian immigrants went on an unprecedented rampage of violence recently. Chanting "We Want Blood", they converged on cars, dragged out their white occupants and kicked them on the ground. A car driven by a young white girl was kicked and stoned, and the girl was found by police screaming hysterically. Car wind-screens and headlights were smashed with hockey sticks.

All sorts of excuses were trotted out to explain this full-scale riot by Asians. First of all, the "racist murder" of a young Sikh was said to have angered them — until it turned out that the boy had been killed by a multi-racial gang. Then, in desperation, newspapers blamed Enoch Powell's speeches, and of course, the National Front.

Our explanation is simple. This kind of violence is INEVITABLE in a multi-racial society, from Asians as much as anyone. The answer is to restore the unity of our country, and that means — Start Repatriation.

HELP THIS MEMBER

AT Warwick Crown Court, Mr Ron Davison, a founder member of Wolverhampton NF Branch who went to the defence of NF leaders when they were attacked during the Coventry by-election, was sentenced to 9 months imprisonment.

It was stated that Mr Davison had hit a plain-clothes police officer, a young man dressed like an extreme left-wing demonstrator. He had in fact run towards Mr Davison with a crowd of International Socialists, which he had been "infiltrating".

Mr Davison has a wife and six children, who are going to need all the help we can give them. Please send donations to Mrs R. Davison, c/o our West Midlands Regional Organiser, Mr Gerry Oldland, 7 Spring Hill Road, Wednesfield, Wolverhampton.

COMMON MARKET THREE YEARS LATER: Trade deficit increases sevenfold

REMEMBER the great 'benefits' that we were going to get from the Common Market? Remember the 'dynamic' effect that joining a larger trading area was going to have on our economy?

Most British people will be well aware that the only 'dynamic' effect on our economy since we joined the Common Market has been a dynamic rise in food prices.

Recently released figures confirm the worsening effect that EEC membership is having on Britain. In the 3 years before joining, Britain had a balance of trade deficit of £719 million. In 3 years after joining we now have a trade deficit of a staggering £5,547 million! It has increased seven times over!

This means that we are importing an enormous amount more, and exporting a very great deal less. This is precisely what the National Front said would happen if we joined a mutually competitive and industrialised trading bloc like the EEC, instead of developing economic trading links with the White dominions overseas. While we imported 278,000 cars, for example, we sold only 121,000.

We also have the scandal of the beef and butter mountains. An unbelievable 252,000 tons of beef is held in storage because of the crazy system of EEC trade. This beef is now uneatable, though the Minister of Agriculture, Mr Bishop, prefers to call it "a less attractive product for direct consumption".

In other words, it's rotten.

Wilson ennobles Low Greed

New Aristocracy

NOW there's a coincidence. Harold Wilson was so busy signing an ATV contract for £90,000 or so that he barely had time to get to Windsor Castle to receive the Order of the Garter. This sum will be a nice addition to the royalties on his memoirs, published by Weidenfeld.

Harold Wilson's own Honours List included peerages for Sir Lew Grade, head of ATV, and Sir George Weidenfeld.

Red teachers using 'religious' cover for race-mix poison

MANY parents in Birmingham were horrified when it was announced that Communism was to be taught in schools during "religious instruction" classes.

This, however, was by no means the only case of subversion in our schools. NF News has recently received evidence that left-wing and communist-inspired teachers are using the reverential atmosphere of religious periods as a means of poisoning young children's minds with foul, race-mixing propaganda.

A very worried parent, Mr Peter Ash of Leicester, a member of the National Front, has sent us a copy of a hymn book used in school by his 11 year-old daughter, Tracy.

A few selections will give a clear idea of the nauseating multi-racialist sentiments that are being foisted on our children. One hymn, obviously designed to brainwash children living in Leicester itself, is called *I Live in a City*:

*I live in a city, yes, I do,
Made by human hands.
Black hands, white hands, yellow and brown,
All together built this town,
Black hands, white hands, yellow and brown,
All together make the wheels go round.
Brown hands, yellow hands, white and black,
Mined the coal and built the stack,
Brown hands, yellow hands, white and black,
Built the engine and laid the track.*

It hardly needs pointing out that coloured hands did not create the city or railways of Leicester, or any other place in Britain. And where are the black miners? These are sheer lies.

Blatant multi-racialist and "One World" propaganda is contained in another hymn, *The Family of Man*:

*I belong to a family, the biggest on earth,
A thousand every day are coming to birth.
Our name isn't Dallas or Hasted or Jones,
It's the name every man should be proud he owns.
I've got a sister in Melbourne, and brother in Patee,*

*The whole wide world is dad and mum to me.
Wherever you turn you will find my kin,
Whatever the creed or the colour of their skin.
When I Needed a Neighbour contains the lines.
Wherever you travel I'll be there, I'll be there,
Wherever you travel, I'll be there.
And the creed and the colour and the name won't matter,
I'll be there.*

Practically every hymn in this book for young children contains some kind of communist-slanted idea, many of them insidious and highly subtle. Appeals to pacifism are made with songs like *Down By the Riverside*, while the Negro spiritual *Kumbaya* serves to keep children in the belief that somewhere coloured people are "suffering".

Most disgusting of all, in that it embodies the whole range of "One World", race-mixing and pacifist brainwashing, is the hymn *Jericho Road*:

*We ask that we live and labour in peace, in peace.
Each man shall be our neighbour, in peace, in peace,*

*Distrust and hatred will turn to love
All the prisoners freed
And our only war will be the one
Against all human need.*

*We all must strive together for truth, for truth,
That all may trust each other in truth, in truth,
We choose the road of peace and prayer
Countless pilgrims trod,
So that Hindu, Moslem, Christian, Jew
We all can worship one God.*

*We call our friends and brothers, unite, unite!
That all may live for others, unite, unite!
And so the nations will be as one,
One the flag unfurled,
One law, one faith, one hope, one truth,
One people and one world.*

We say: Stop this poison in our schools! Remove communists from the classroom and from our children!

LIBERALS BEATEN NATIONWIDE

N.F. ELECTION RESULTS

SHOCK OLD PARTIES

Above: George Wright; Right: A section of the audience at the Rotherham By-election meeting.

UP AND DOWN the country National Front candidates in parliamentary and local elections have won big votes that have alarmed the old parties. The NF has beaten Liberal candidates nationwide, proving once again that the NF is on the way to replacing the Liberals as the third party.

The first shock for the old parties was the National Front success in the May municipal elections. In Leicester, the party won a magnificent 43,000 votes (18 per cent of the poll), almost unseating the Labour mayor in one ward. In West Bromwich, NF candidates polled 17 per cent of the total poll, and in Bradford 10 per cent with 9,399 votes. In Bradford and Wolverhampton alone, 9 Liberal candidates were beaten by the NF.

In the Rotherham parliamentary by-election in June, NF candidate George Wright gave another fright to the established parties by winning 1,696 votes (6 per cent of the poll), which was only 500 votes short of the Liberal candidate.

NF NATIONAL DIRECTORATE ELECTIONS

Will all NF members take note that elections for the 13 places on the NF National Directorate which will fall vacant on Saturday 9th October, 1976, will take place during September.

Full details concerning arrangements for the elections are contained in the July/August issue of the *NF Members' Bulletin*. Nomination forms will also be issued with the bulletin. Any members who have not received a copy by 1st August should contact NF Head Office immediately.

The final date for receipt of nomination forms is Saturday 28th August.

Those seeking nominations must be Full Members of the NF whose membership subscriptions are paid up for 1976, and who have an unbroken record of 2 years' Full Membership. Additionally, they must have served a total of two years as an elected officer of the party, and be an elected officer of the party at the time of nomination.

Ballot papers will be posted to all members on or about 3rd September. Members who have not received ballot papers by 8th September should 'phone Head Office immediately. The final date for receipt of marked ballot papers will be Monday 13th September.

Before the election, the NF had only two members in this Labour stronghold, and virtually came from nowhere to win this highly successful vote. Commented BBC radio: "The party which has had the biggest impact on Rotherham is the National Front."

"PROSECUTE NF GIRL" SAY RACE-MIXERS

The same month saw another shock for the establishment in the Wandsworth Council by-election in Southfields. Pretty, 22 year-old Diane Dawson won over 12 per cent of the vote for the National Front, decisively beating the Liberal. Local "Community Relations" busybodies immediately announced that they planned to prosecute Diane for her "Stop Immigration-Start Repatriation" election address. She announced to the local press that, like Robert Relf, she would rather go to prison than bow to the Race Relations bullies.

In a council by-election in the posh, Tory area of Sutton, Surrey, NF candidate Roy Trethewey, a well-known charity worker in the area and a dynamic new recruit to the National Front, polled 6.81 per cent of the vote, only 2 votes short of the Labour candidate. The press noted that this was a "pure" NF vote for NF policies, since there is no immigration problem in the area as yet. This was described as "sinister" by local council hacks.

MORE LIBERALS BEATEN

In the June local elections in Enfield, north London, NF candidates Stephen Hook and John Welford polled over 12 per cent each — in one ward trouncing the Liberal who won only 4 per cent. In Derby, where a new and fast-growing Branch of the National Front contested the local elections, Mrs Irene Shepherd polled over 8 per cent for the NF and once again beat the Liberal decisively.

The most recent shock for the Establishment parties in the local elections was the result in Deptford, S.E. London. NF candidate Richard Edmonds won 18 per cent of the poll and the combined vote of anti-immigration candidates was higher than the winning Labour vote. Had the candidate from the splinter group of the NF not stood, The National Front would have won the seat.

STOP PRESS

NF POLLS 3,255 VOTES IN THURROCK

The established parties received their biggest shock to date in the parliamentary by-election in Thurrock, Essex — when NF candidate John Roberts won 3,255 votes, 6.6 per cent of the poll.

Once again the NF showed that it is well on the way to pushing the Liberals aside as the third party. The *Evening Standard* reported "more support for the National Front than ever before".

NF Building Fund

Recently we announced the revival of the National Front Building Fund, and appealed to members and supporters to contribute. Already the result has been encouraging. The Fund now stands at £800.

However, this is still a drop in the ocean compared with what we need to raise our target figure of £20,000. A really great effort must be made to raise more in the coming months.

The Building Fund has been launched so as to enable the NF to buy its own Headquarters building, with ample facilities, not only for offices, but for a club and printing works as well.

Mark your donations 'National Front Building Fund' and send them to: National Front, 91 Connaught Road, Teddington, Middlesex.

CALLING CANDIDATES

Would those NF members who have not been selected by Branches or Groups of the party to stand as candidates in the next General Election, but who wish to be considered as candidates, please inform NF Head Office in writing, supplying their personal details.

N.F.N. APPEAL FUND

We would like you to buy NATIONAL FRONT NEWS and resell it. If, however, you cannot do this but would nevertheless like to help us promote it, then why not send us a donation? For every £1 received we can print another 65 copies. Contributions should be addressed to National Front News, 91 Connaught Road, Teddington, Middlesex.

ROBERT RELF JOINS NATIONAL FRONT

ROBERT RELF, the courageous patriot imprisoned under the Race Law for his "For Sale to an English Family" sign, has joined the National Front.

Not content with his resounding defeat of the Race Relations Board traitors, Robert Relf is determined to continue the fight on behalf of the British people by working for our party. His wife Sadie has also

joined the NF.

Mr Relf's first public appearance since his release was at a National Front by-election rally at Tilbury, Essex, where he spoke in support of the NF candidate, Mr John Roberts.
